After clicking the toggle arrow icon, you will be able to select the archived version of the code to compare. Changes between the two codes will be highlighted in the document frame throughout the code. Deleted information is highlighted in red. Added information is highlighted in green.

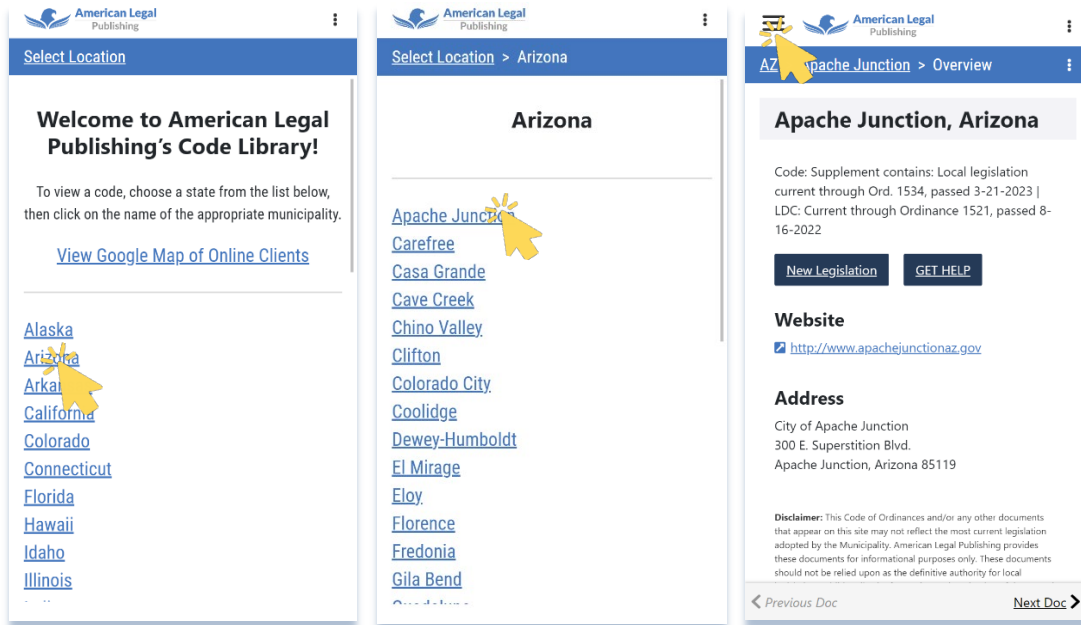

In the image below you can see that in the current code version, the previous date, "October 11, 2021", highlighted in red, has been removed and the new date "January 9, 2023", highlighted in green, has been added. You may see entire sections of code highlighted in green. This indicates they have been added to the code.
